### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

Based on conversations with applicant's representative (see interview summary), applicant intends Figure 6 to be representative of claim 25, and clearly the annotation and the another annotation of claim 25 are shown in Figure 6, and they are different – this is pointed out as an example. It is noted that examiner is using the definition of "synthesizing" used in the specification, rather than an external definition of the term.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Applicant is reminded to file the continuing application NO LATER THAN the payment of the issue fee in order to ensure continuity and co-pendency.

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Lawrence A. Stahl (30,110) on 8 July 2005 and 11 July 2005.
